Genomics in Aquaculture

International Symposium

Bodø University College (Norway)

5-7 July 2009

www.gia2009.com

The Research Council
of Norway

GIA 2009

www.gia2009.com

The *Genomics in Aquaculture* symposium will review the state-of-the-art of genomics research in various aquaculture systems and its potential applications in commercial production

Provisional Programme

Session 1. Nutrigenomics and growth

Session 2. Genomics of stress and immune response

Session 3. Genomics of reproduction and breeding

Session 4. Toxicogenomics and environmental impact

Session 5. Genomic resources for aquaculture

Organising committee:

Jorge Fernandes, Associate Professor
Bodo University College Norway

Christel Solberg, Professor
Bodo University College Norway

Elena Sarropoulou, Researcher
Hellenic Center for Marine Research, Greece

Kirstin Hamre, Professor
NIFES, Norway
